NAIDOC Celebrations at Laidley S.H.S

The students were all exhausted after enjoying many activities such as boomerang throwing, traditional games and dancing. A highlight for many was meeting NRL great, Petero Civoniceva, and hearing about his journey. Upon returning to school, students were eager to share their favourite activities and things they had learned about Aboriginal culture.

The Wiz

A very big thank-you to Faith Lutheran for inviting us to see their musical. Everything about it was amazing – The acting, the costumes, meeting the characters and listening to the songs. I hope that the rest of their performances go well and I am sure that their play will be just as good or even better in 2018.

School Opinion Survey

This year the school opinion survey is electronic, there are no paper surveys. The eldest in the family will receive details of how to access the survey.

If you do not have a computer at home, you are more than welcome to use the school computer lab in the library before or after school.

Yr 6 High School Experience

On the 24th of July the grade 6 students went to Laidley State High School to learn about what next year will be about. Many different schools turned up. First, we learned about high school as different staff members talked about their role in the school. After the staff informed us about the school there was a sausage sizzle. The next activity was Soccer or Newcombe Ball in groups of 8.

Once we finished outside we went back in for a STEM challenge. The challenge was to build a structure that could withstand an earthquake. This tested us on our engineering and teamwork. We went out for lunch once everyone's buildings were destroyed.

After lunch we asked more questions about high school. When all the students had answers to their questions, we waited to be told the winners. To wrap the day up medals were awarded to the winners of the STEM challenge and the sports games.

A big thank you to Laidley State High School for letting us learn about high school, as well as supplying us lunch and teaching us in a fun way.

Integrity Awards

Congratulations Olivia Harris and Gracie-Mae Smith. These awards are given to those students who consistently make positive behaviour choices.

Chappy News

Hi everyone, as the cold weather seems to have made the students extra hungry for toast to warm them up in the morning, I would appreciate donations of strawberry jam, vegemite and margarine. Thanks so much for your continued support.
